Roosevelt Given Stirring Reception in Buenos Aires

TO TEST SOCIAL SECURITY ACT

IMMENSE THRONG CHEERS PRESIDENT IN SOUTH AMERICA

Police and Special Guards Have Difficulty Restraining Enthusiasm

By Associated Press

Buenos Aires, Nov. 30.—President Roosevelt, acclaimed by hundreds of thousands, reached here early this afternoon for the opening tomorrow night of the twenty-one-nation peace conference which grew out of his initiative.

The Cruiser Indianapolis, which carried the President on his 21-day trip from Charleston, S. C., docked amid the cheers of a huge throng on shore and the shrieks of whistles on hundreds of vessels in Buenos Aires harbor.

Official Welcome

President Roosevelt disembarked at 1:34 p. m. He was greeted at the pier by President Justo, United States Secretary of State Cordell Hull, Argentine Foreign Minister Carlos Saavedra Lamas, Cardinal Santiago Copello and other notables.

President Roosevelt got into a car at the foot of the gangplank after greeting President Justo, to whom he was introduced by United States Ambassador Alexander W. Weddell.

To Open Sessions

Then the two executives drove off together along th 30-block route to the United States Embassy. Mr. Roosevelt's residence during his stay.

President Roosevelt is to make the opening address when the Inter-American Peace Parley, proposed by him last winter, gets under way at 6 p. m. tomorrow.

Eight Argentine warships and a river flotilla escorted the Indianapolis up the Rio Plata to the Quay, while Argentine planes circled and dipped overhead.

Near the dock along which a red carpet an eighth of a mile long had been laid—were the six-foot-tall horse grenadiers of Argentina's Liberator, General Jose De San

SETH GORDON ASKS SPORTSMEN OF STATE TO FEED GAME

Seth Gordon, Secretary of the Game Commission, appealed to Pennsylvania sportsmen today to aid the Commission's game feeding program, warning "little breeding stock may survive the winter."

Gordon said small game "will need to be fed and cared for this year more than ever before.

"The heavy toll taken during the winter of 1935-36 has greatly depleted our small game supply. Unless we take care of what is left, it may be necessary to close certain seasons next year.

"The quail situation is very acute. Fewer rabbits and squirrels were taken for many years. Ruffed grouse held their own fairly well in a number of sections, but elsewhere a scarcity was found. Wild turkeys held their own generally, and in some regions were more plentiful than in former years.

There was an unusually heavy kill of ringneck pheasants. At last this bird has reached the point where it relieves the burden of shooting from some of our valuable native species."

OFF TEMPLE'S BOARD

Los Angeles, Nov. 30, (AP)—Roberta Semple, at odds with her mother, Evangelist Aimee Semple McPherson, was officially off the Angelus Temple's board of directors today.

SAYS ROOSEVELT NOT CANDIDATE FOR THIRD TERM

By Associated Press

New York, Nov. 30. — President Roosevelt was represented today as standing firmly against seeking a third term.

George Creel, a former co-worker of Mr. Roosevelt in the Wilson Administration, ousted the Chief Executive, in an article to be published in Collier's Magazine, as saying:

"On January 21st 1941, when a new President takes over, I will be in Hyde Park having the time of my life."

The publishers of the magazine described the article as authoritative.

Creel, who headed the Bureau of Public Information while Mr. Roosevelt was Assistant Secretary of the Navy, wrote that "undoubtedly a major effort during the first part of the second term will be the consolidation of gains."

He listed the chief of these, "in the President's opinion," as the Social Security Act, the holding company legislation, the Wagner Labor Relations Act, the tax on undistributed net income of corporations, soil conservation, the Tennessee Valley Authority, the Banking Act, and the Securities and Exchange Act.

Auto Death Toll Grows

MARGIOTTI TO NAME TWO TO TAKE OVER FAYETTE POST

District Attorney to Be Superseded Until His Trial

Attorney General Charles J Margiotti announced today he would appoint two men to take charge of the Fayette county district attorney's office until the "third degree" murder case in Fayette was concluded.

Both District Attorney James A. Reilly and his assistant, Hiram A. Byrne, with two State Policemen and a county detective, have been charged with murder for the death of Frank C. Monaghan.

Margiotti said he would make the appointments at a session of Fayette County Court at 8 p. m. tonight, and probably would name Fayette county men. Margiotti is in charge of the case as special prosecutor.

He added the Supreme Court, through President Judge Thomas Henry W. A. Hansell, college president to make the appointments.

PICKETS STRETCHED ACROSS PAVEMENTS ARRESTED BY POLICE

By Associated Press

Reading, Nov. 30.—Twelve women and forty-four men who stretched flat across the icy-clad pavement in front of the Berkshire Knitting Mill's main entrance to prevent workers from entering the strike affected plant were arrested and fined or sent to jail today.

There was no violence.

As fast as police hauled one picketer off his cold resting place on newspapers or cardboard, another took his place.

The fifty-six were taken before Justice of the Peace Herman Metzger and sentenced under a local ordinance which bans blocking of sidewalks by loiterers. Most of them went to jail for lack of $10 fine and costs.

Non-striking employes meanwhile entered the mill by the five other entrances, which the strikers made no attempt to block.

TELEGRAPH EMPLOYES SHARE $38,932 FUND; SETS NEW HIGH MARK

Almost 300 employes of the Telegraph Press Employes' Savings' Association today are dividing their annual melon sharing $38,932.04. It is the largest fund ever distributed by the association in its twenty-nine years of operation. The disbursement is made each year at approximately the same time that Christmas savings funds are released by banks. This year's payments to employes of the Telegraph swell the total amount of cash going into circulation at the start of the holiday season to more than $825,000.

BANK EMPLOYES SENTENCED

Pittsburgh, Nov. 30. (AP)—Judge M. A. Musmanno sentenced George Renkin today to four years in the Allegheny county jail and Roger Schmidt to two years and nine months on pleas of guilty to embezzling $54,390 from the bank by which they were employed.

SHRINKING MAN CHECKS RAVAGES OF ODD DISEASE

Minneapolis, Nov. 30. — The "shrinking man" of Minneapolis—52-year-old Hans Nelson—cheerfully pointed to a 15-pound gain in weight as evidence today that he was making a comeback.

The shrunken painter, victim of the bone disease osilamalacia, dwindled in stature from five feet ten inches to five feet and in weight from 190 pounds to 140 in thirteen years.

But corrective dieting and injections of calcium at the University of Minnesota hospital have enabled him to throw off that "tired feeling," he said, and to resume normal human pursuits.

Gains in Weight

"I have gained fifteen pounds; last summer I drove my car several thousand miles and I can move around the garage," said Nelson. "These wonderful doctors have helpe' me. Maybe I will be able to work again."

University of Minnesota medical authorities were not so sanguine. Nelson is gaining strength but the shrinkage has not been definitely checked, they said he suffered two relapses during his year of treatment and was bed ridden for several months.

PUNKY

Trademark Applied For U. S. Patent Office

"A field goal from the thirty-yard line an' I'll never even get chance to brag about it!"

INTRODUCING PUNKY, A REAL LIVE AND DIVERTING YOUTH

"Punky," a real, wholesome, natural aud human little boy makes his bow to readers of the Harrisburg Telegraph sng a half hundred other newspapers throughout the country today.

But "Punky" will mean more to Harrisburgers than to other communities since his creator, Fred Balk, lives here.

There is an interesting story behind the story of "Punky." Mr. Balk like many children preferred pencil and chalk to other playthings of childhood. He sketched continuously on walls, floors, books, pads, ceilings whem he could reach them. His school days were tragically interrupted by the slaying of his father, a sergeant of Chicago detectives who fell in line of duty when the artist-to-be was ten years of age. Mr. Balk had to go to work but he arranged to attend continuation school and later completed a course in the Academy of Fine Arts. He then struck out on his own as an artist but the world turned down his offerings. Finally

FRED BALK

he returned to his instructor with turned down samples of his wares

HOLIDAY LIGHTS WILL SPARKLE IN CENTER OF CITY

Massed Chorus of 300 Will Sing in Market Square

Downtown Harrisburg will be transformed into a festive and colorful wunderland of lights tonight at 7:30 o'clock when Mayor John A. F. Hall throws a golden switch that will signal the beginning of the Yuletide.

Provided through the co-operation of central-city business concerns and the city electrical bureau, thousands of red, white and green electric lights will flash on simultaneously in a brilliant display that will burn nightly through the holidays for the pleasure of Harrisburgers and their Central Pennsylvania neighbors.

The formal ceremony inaugurating the city's annual festival of

MOUSE IN OVERALLS CAUSE FOR PLUNGE INTO ICY WATERS

Transatlantic Press Service

Klutzen, N. C., Nov. 30, (AP) — A mouse caused Amos Hawkins to jump into the river with the mercury down to 30 degrees.

It was in his overalls.

He tried to free himself of the creature first by slapping but the mouse slithered across his back, around his waist, up and down his legs.

In utter desperation he jumped into the river.

That method worked.

RED COMMUNISM MENACE TO WORLD, BISHOP DECLARES

Most Rev. George Leech Points to Danger at Consecration Service

By Associated Press

Erie, Nov. 30.—The Most Rev. George Leech, Bishop of the Harrisburg Diocese, called the spread of Communism the world's greatest menace today in a sermon at the Consecration of Monsignor Richard T. Guilfoyle as Bishop of Altoona.

Four hundred clergymen were in the procession preceding the ceremony.

"You are now enlisted in the war against the spread of Communism over the world," Bishop Leech told the new bishop.

"You must follow the mandates so ably outlined by Pope Pius, who has stressed the dangers of Communism.

"You must get close to your people through their minds and their hearts as Christ was close to them.

"I ask you to aid the employe who is tempted to foolish extremes in his unemployment and want, as well as the employer who has forgotten his employe is his brother in God.

"At all times fight for human justice."

YORK HEADS MASONS

Edinburgh, Nov. 30. (AP)—The Duke of York was installed today as Grand Master Mason of Scotland, at a meeting of the grand lodge. It was his first official visit to Scotland since he became heir presumptive to the throne.

NEW HIGH LEVEL IS REACHED IN TOLL OF TRAFFIC

37,500 Dead Estimated as Result of Accidents on Nation's Highway

By Associated Press

Chicago, Nov. 30.—The National Safety Council marked up its 1936 traffic death total to 29,850 today—for the first ten months—and calculated that at the same rate 37,500 would die before January 1.

That would be a new all time high, exceeding the record 37,000 of 1935. In the first 10 months of 1935 the death count was 29,686.

Children are Victims

Statistician R. L. Forney announced yesterday that pedestrian fatalities increased 2 per cent, including a 10 per cent. advance in the number killed between the ages of 5 and 14. Deaths in other kinds of vehicle accidents declined 1 per cent.

In October the safety council's records showed 3920 fatalities, compared with 3850 in October, 1935. It was the sixth consecutive month in which the toll exceeded that of the corresponding month of 1935.

Check is Made

Forney said that even if 500 more died in 1936 than in 1935, the increase between years would be less than any since 1934. The 1935 toll exceeded that of 1934 by 900 and in 1934 deaths totaled 3000 greater than in 1933.

Also favorable, he said, was a comparison based on relative gasoline consumption in 1936 and 1935. Figuring that 10 per cent more gasoline was used in 1936, he computed the death rate per 10,000,000 gallons as 9 per cent. lower than in 1935.

EARLE'S SUGGESTION FOR VALLEY FORGE MEETS CRITICISM

By Associated Press

Washington, Nov. 30.—A proposal for restoration of the colonial camping ground scene to Valley Forge from Governor Earle today aroused historians.

Varying degrees of opposition to restoration as a general practice came from Dr. Waldo G. Leland, executive director of the American Council of Learned Societies. Verne E. Chatelnaud, his associate of the Carnegie Institution, and Representative Sol Bloom, of New York, director of the George Washington Bicentennial Commission and Director General of the United States Constitution Sesquicentennial Commission.

Dr. Ellis Paxson Oberholtzer, former member of the Valley Forge Park Commission, was the only to declare open opposition to the plan, asserting the proposed restoration would be "unhistorical" because knowledge of the original scene is scanty.

SPECIAL SESSION CALLED

Trenton, N. J., Nov. 30, (AP)—Governor Harold G. Hoffman today called a special session of the Legislature for Monday, December 21 to consider a state unemployment insurance program.

W. C. T. U. NEEDS MILLION

Chicago, Nov. 30, (AP)—Mrs. Ida B. Wise Smith, national president of the Women's Christian Temperance Union, appealed for public support today for the union's proposed $1,000,000 educational program.

NO OPPOSITION

Tegucigalpa, Honduras, Nov. 30, (AP)—Nominal elections were held peacefully over Honduras Sunday, with the government nationalist party unopposed anywhere.

14 ABOVE ZERO IS FORECAST AS COLD CONTINUES

Ice Forming on Susquehanna; Snow May Follow Mercury Rise

Weatherman C. S. Ling forecasts a drop in temperature to 14 degrees tonight as the cold wave centered in Ontario moves eastward. Tomorrow the temperature will rise to 28.

Increasing cloudiness is expected with the possibility of snow tomorrow afternoon the weatherman said. Cold weather has kept the temperature below normal for more than a week. Large areas of the Susquehanna river are covered with a thin coating of ice, particularly in the west channel.

CHILD IS STAMPED TO DEATH BY STEPFATHER

By Associated Press

Jesup, Ga., Nov. 30.—Sheriff R. E. Warren announced today the arrest of a 51-year-old itinerant repairman, charged with stamping to death his 14-year-old step-daughter while the child's mother bound hand and foot, lay helpless nearby.

The child, bleeding about the mouth and ears, was removed last Wednesday to a hospital in Brunswick, where she died.

Warren said the step-father, L. R. Ward, reported she had been struck by a "hit and run motorist."

The sheriff said the accused man denied he struck the girl, but that the mother "told us the most pitiful story I ever heard."

The step-father, Warren said, was arrested during funeral services for the child near Lyons, Ga. The sheriff declined to say where the step-father is held.

NATURAL GAS TO BE PIPED HERE AT BIG SAVING TO CONSUMERS

Gas Company President Expects Mains to Be Connected By Fall; Will Burn in Present Appliances

Natural gas is to be piped into Harrisburg at savings to consumers of from 10 per cent. to 43 per cent under present rates for manufactured gas Louis C. Smith, president of the Harrisburg Gas Company, announced today.

Total savings based on present consumption would approximate $181,200 annually.

Completion of connecting mains is expected to be completed by next fall.

Present gas equipment in use in the homes of Harrisburg and vicinity will burn the new fuel satisfactorily, Mr. Smith added and only slight burner adjustment that may be necessary will be made by the gas company without cost to the consumer.

Mr. Smith's statement follows in full:

(Reports from Paris today said that Foreign Minister Yvon Delbos would announce an agreement Friday that was virtually a tripartite military accord between Britain, France and Belgium.)

LEAGUE TO SIDESTEP

Geneva, Nov. 30, (AP)—League of Nations sources expressed belief today the council would decline to consider Spanish charges against Germany and Italy.

$1,000,000 IN TAXES

Baltimore, Nov. 30, (AP)—The state of Maryland will get a million dollars from taxation on race tracks this year.

BANK CLEARINGS CONTINUE GAINS OVER TWO YEARS

November Total $8,155,049 Is Increase Over 1936

November clearings of Harrisburg banks totaled $8,155,049.77, according to announcement today by James A. McLaughlin, manager of the city clearing house association. This shows an increase of $181,074.75 over November, 1935, when the total was $7,966,975.02.

Mr. McLaughlin said that total increases for the first eleven months of 1936 are $11,079,126.47, an average monthly increase of more than $1,000,000.

The business upturn has been reflected every month for two years by increased clearings.

"The Harrisburg Gas Company hopes to be able to serve Natural Gas to its consumers before the fall of 1937. Company engineers have planned for six months to the effort to reach that goal and give consumers the savings which low-cost natural gas makes possible.

Clean, Pure Fuel

"This clean, pure fuel will be brought to Pennsylvania through existing pipe lines which bring the natural gas fields hundreds of miles away.

"The problem of connecting the existing giant pipe lines to the mains which serve the customers of the Harrisburg Gas Company is the last important problem to be met. To complete this last link necessitates construction of a pipe line within the State. The construc-

(Continued on Page 9)

FRENCH HOPE FOR MILITARY ACCORD UPSET IN LONDON

Foreign Minister Eden Says Britain Prefers Friendly Relations With World

By Associated Press

London, Nov. 30.—Foreign Minister Anthony Eden dampened French hopes of a tri-power military accord between Great Britain, France and Belgium today.

"His Majesty's government," the youthful Foreign Minister told the House of Commons, "has explicitly deprecated any tendency to divide the world into conflicting camps.

"Our policy continues to be to promote friendly relations between all nations."

WOODSIDE HOLDS 86-VOTE LEAD IN BALLOT RECOUNT

Lower Paxton Township Is Last District to Be Checked

With the official recount completed in all but one of the thirty-five precincts where Democratic leaders asked the opening of ballot boxes, Robert E. Woodside, the less secure of the two Republican candidates for General Assembly from the Second district, continued to lead by a plurality of eighty-six votes.

Democrats posted the sum of $52.50 for each of the thirty-five recounts, or a total of $1837.50, which will be forfeited to the county unless they can show evidence of "substantial error or fraud."

This was done in their attempt to gain a seat in the General Assembly for Nevin W. Moyer, Democratic candidate from the Second district, who was defeated according to the previous tabulation. The salary of a member of the Legislature is $2500 for a term of two years.

Lower Paxton Recount

The one remaining district which was scheduled to be officially checked late today is Lower Paxton, Moyer's own precinct. Republicans raised objections to this recount, in view of the fact that Moyer, as a justice of peace, had custody of the box after the election.

It was argued that the box might have been placed in the care of another justice of the peace who allegedly lives closer to the polling place. As it happened, however,

(Continued on Page 3)

BABY PANDA MAY REMAIN IN ASIA

By Associated Press

Shanghai, Nov. 30. — The baby Panda captured by Mrs. William H. Harkness, Jr., near the Tibetan border appeared destined today never to leave Asia.

Chinese authorities, expressing belief the New York woman explorer wished to smuggle the animal from China," were not inclined to let it go.

Mrs. Harkness planned to sail for the United States last week to bring what she believes is the first Panda captured alive in northern Asia to New York's Bronx zoo.

Government officials, however, refused to let the valuable bear-like animal out of the country without a permit.

Stockholder of Railroad Is Protesting

By Associated Press

Boston, Nov. 30.—A test case of the Social Security Act was heard today by Federal Judge George C. Sweeny. Court attaches said it was the first case of its kind in the country.

The case was brought by George P. Davis of Waltham, a stockholder in the Boston and Maine Railroad, who seeks to prevent the railroad from paying the unemployment insurance tax.

Edward F. McClennen represented the railroad and the Government's legal force was headed by Charles Wyzanski, special assistant to the Attorney General of the United States. Upon conclusion of arguments, Judge Sweeney will take the case under advisement. Both sides said they were ready to appeal to the Circuit Court of Appeals and the United States Supreme Court.

BROTHER OF FORMER RAILWAY EXECUTIVE FALLS TO HIS DEATH

By Associated Press

Philadelphia, Nov. 30.—Pvom Y. M. C. A. executives, police reconstructed the story of how Harry B. Lee, once prosperous shipping agent, sat up all night in a Y. M. C. A. after saying he was penniless and waiting for friends, and then plunged to his death from a third floor window.

He was identified by relatives shortly after his body was found yesterday as a brother of the late Elisha Lee, formerly vice-president of the Pennsylvania Railroad.

Thomas Shields, executive secretary of the Y. M. C. A., said Lee asked him for a room free until he could get money from friends. Shields let him have a room Friday night, but Saturday night the man sat up all night in the lobby.

When his body was found his pockets were empty of money. Two cards, however, asked that Dr. Alfred Emlen, Mt. Vernon, N. Y., and Greville A. G. Haslam, whose wife is a daughter of the late Elisha Lee, identified him.

MAN, 60, RELEASED FROM PRISON RETURNS OF HIS OWN WILL

By Associated Press

Lansing, Mich., Nov. 30.—Ralli P. Butler, 60, at his own request for a "quiet place to die," was back in the Kansas Penitentiary today.

An occupant of prisons for twenty-four years, Butler was paroled last April by Governor Alf M. Landon from serving out a life term for possessing a quart of liquor—a severe penalty made mandatory under the Kansas habitual criminal act. Friends said he went "straight."

But he became seriously ill. Without relatives, he made his strange request. Last night it was granted by Fred O. Palmer, the man to whom Butler was paroled.

"I've spent so much of my life in prison that it will seem like home," Butler said.

BEGIN LAST SESSION

Rome, Nov. 30, (AP)—Dressed in military uniforms, 593 members of Italy's Chamber of Deputies assembled today for one of the last parliamentary sessions of the legislative body. The chamber soon will be replaced by a National Assembly of Guilds of the Fascist Corporative State.

ASSESSMENT CHANGES

THE Harrisburg Telegraph today publishes on page 18 the complete list of assessment changes in city real estate valuations for city and school tax purposes. These changes cover only new buildings, additions and remodeling. No other assessment changes were made. Hearings on appeals will start December 2.

THE WEATHER

Monday, November 30, 1936

Harrisburg and Vicinity—Fair and colder tonight; Tuesday, increasing cloudiness with slowly rising temperature; probably snow in south portions late Tuesday afternoon or night.

Eastern Pennsylvania—Fair and colder tonight; Tuesday, increasing cloudiness with slowly rising temperature; possibly snow in south portions late Tuesday afternoon or night.

Susquehanna Forecasts—Project shipments during the next 24 to 36 hours from lowest temperatures as follows:

North and west, 8 to 12 degrees; east and south, 14 to 18 degrees.

River stages and conditions will not change much.
